Re: Letter of Reference

To whom it may concern,

Bentleigh Group were contracted back in early 2014 by KMAu as one of its preferred Signage suppliers and installers to manage the KIA Space CI (Corporate Identity) upgrades.

Over this period, Bentleigh has completed in excess of 20 upgrades to Kia facilities throughout Australia, with the majority of these being Metropolitan sites.

The completeness, competitiveness, quality of workmanship from commencement to completion, has exceeded Kia's expectations.

The people dealt with as the main Kia points of contact including the Managing Director (Clay Wells who plays a very hands on role) have conducted themselves always at a high, professional level.

The after service facilities provided to Dealers has been timely and if any rectification work or additional works were requested, all were handled at a high level.

We would have no hesitation in recommending Bentleigh Group based on our experiences with them, both past and present.

Please don't hesitate to call myself if further endorsement is required (mobile 0418 176 853).

To Whom It May Concern

The ALH Group have worked with the Bentleigh Group the last +10 years. Over this time the Bentleigh Group has delivered signage for many of our large scale Dan Murphy, BWS bottle shops and hotel developments.

We have also worked with them and their maintenance team for LED upgrades, signage replacements and emergency call outs. Their Bentect maintenance system is currently being used across our National portfolio of hotels.

We have always found Bentleigh Group to provide a great and responsive service over the years as well as price competitive.
